Indiana University Kokomo encourages a climate of respect and inclusiveness that welcomes and embraces community members with diverse backgrounds and life experiences; deliberately seeks multiple perspectives; and supports the free and open exchange of ideas and civil discourse. Our community encompasses the life of the classroom including but not limited to an engagement in student life, service learning, travel abroad, and social media reflections. This community will thrive when we approach each interaction and conversation with an open mind and when each member respects the inherent dignity and worth of all people. Respect and civility should therefore be afforded to all individuals regardless of age, disability, educational background, family status, gender, gender identity and expression, nationality, race/ethnicity, religion, position, sex, sexual orientation, socioeconomic level, or veteran status at Indiana University Kokomo.

Inclusive Excellence is defined by the Association of American Colleges & Universities (AACU), as the “active, international and ongoing engagement with diversity” in ways that increase our personal and social “awareness, content knowledge, cognitive sophistication and empathic understanding” of one another.
