Position Description
The Division of Allied Health Sciences invites applications for a tenure-track, Assistant Professor position beginning August 1, 2016. This position is a 10-month per year term.

Position Requirements
The successful candidate will teach three undergraduate Health Sciences courses per semester among one or more of the following areas: health promotion, exercise science, sport science, nutrition, statistics, and research methods. Though specific courses will be tailored to the successful candidate, the ability to teach one or more of the following would be advantageous: Women’s Health; Alcohol & Drugs; Biomechanics; Human Sexuality; Environmental Health; Sport Ethics; Coaching; Exercise Psychology; Research Methods; and Statistics. Some online teaching is expected. Summer teaching is a possibility.

The successful candidate must demonstrate a vibrant research program, which must lead to publications in reputable journals. Research with the potential for internal/external funding is an asset. The candidate’s research interests can include any area of Health Science, but projects should be able to integrate undergraduate student researchers.

The successful candidate will also be expected to engage in service to the campus and division including committee work, assessment of the degree, and engage in campus initiatives to increase retention and enrollment.

Position Qualifications
Candidates should have an earned doctorate in Health Sciences or related field, although ABDs who will earn a doctorate by September 15, 2017 will be considered. Candidates who currently hold a rank above Assistant Professor are also encouraged to apply. The best candidates will be those who can document previous effective teaching in the university setting, along with an active research program.

Division Description
The Division of Allied Health Sciences is the fastest growing unit at Indiana University Kokomo, with approximately 300 students. One of four degree programs, the Bachelor of Health Sciences offers students opportunities to pursue health-related careers. The degree has two concentrations (Exercise/Sport Science and Health Promotion), with minors in Nutritional Science, Coaching, and Sports Marketing/Management. Additional information about the department and facilities can be found at http://www.iuk.edu/allied-health-sciences/index.php.

University Description
One of eight campuses of Indiana University, Indiana University Kokomo is a comprehensive non-residential campus located 50 miles north of Indianapolis in Kokomo, Indiana, a city with a population of approximately 55,000. Committed to student success, the campus serves approximately 4,000 students from a 14 county area in north central Indiana. IU Kokomo has approximately 257 full time faculty and staff. Associate, Baccalaureate, and Master degrees are
Application
Applicants should electronically submit a cover letter which addresses the qualifications as listed above, a curriculum vita (CV), official transcripts of undergraduate and graduate degrees, copies of any professional licenses or certifications held, a teaching statement/philosophy, and a research statement outlining past/present/future research. Three reference letters must arrive under separate cover. Interested candidates should review the application requirements and submit their application at http://indiana.peopleadmin.com/postings/1676. Questions regarding the position or application process can be directed to Joyce Webb, jwebb@iuk.edu, Indiana University Kokomo, P.O. Box 9003, Kokomo, IN 46904-9003. Applications will be accepted until the position is filled, though review of applications will begin November 15, 2015. Persons with disabilities who need assistance to participate in this application process should contact the Office of Affirmative Action at 765-455-9221.

Indiana University Kokomo is an equal opportunity and affirmative action employer. All qualified applicants will receive consideration for employment without regards to race, color, ethnicity, religion, age, sex, sexual orientation or identity, national origin, disability status, or protected veteran status. The institution is also a provider of ADA services.
