STUDENTS WITH DISABILITIES

The faculty in the School of Nursing recognizes that some students may have disabilities that would influence their ability to be successful in meeting nursing program requirements at Indiana University Kokomo. It is the student’s responsibility to inform and provide documentation to the Career and Accessibility Center and the Nursing and Allied Health Advising Center on admission and anytime such a disability occurs or becomes an issue thereafter.

The School of Nursing will make reasonable accommodation to assist the student with disabilities to successfully complete all requirements of the nursing degree program. If there is a question about whether a student’s disability will interfere with successful program completion, the Student Affairs Committee will consider the case. The School of Nursing makes no guarantee to the student regarding accommodations that will be made for the student for NCLEX testing or in future professional employment.

Disability needs: Students who have a documented disability or other needs that may require consideration during a course are responsible for contacting Ashley Shoaff in the Career and Accessibility Center at 765.455.9301, Kelley Center Room 200 or via e-mail at amshoaf@iuk.edu. The Career and Accessibility Center will make an assessment and then provide written notification for the faculty. Please contact the Career and Accessibility Center within the first week of the semester or as soon as the need is identified since faculty cannot make arrangements for special considerations until written notification is provided. No special consideration in terms of testing is provided beyond what is approved by the Career and Accessibility Center.
IU Kokomo offers assistance for ESL (English as a Second Language) students in the Student Success Center – www.iuk.edu/student-success, located on the first floor of the Library. ESL services provide one-on-one tutoring, assessments and group seminars for the academic support of international students who need help in English proficiency. Appointments may be made by calling 765-455-9425.

The Kokomo Area Career Center also offers free assistance for ESL students. Appointments may be made by calling 765-455-8021.

No special consideration in terms of testing will be provided beyond what is approved by the Career and Accessibility Center.
